To Whom It May Concern,

**Re: Recommendation Letter – Jessica Evans**

It is with great pleasure that I write this letter of recommendation for Jessica Evans.

Jessica has been an intern with Ralph & Russo from 28<sup>th</sup> May 2018 until 31<sup>st</sup> August 2018. She was part of our Haute Couture Atelier and involved in the preparation of our new Collection as well as working on client projects.

Jessica managed to become an integral part of the team in a short space of time due to her can-do attitude and great amount of positive energy towards work. She helped our seamstress and pattern cutter teams with beautiful handwork, embroideries, mounting for constructed dresses as well as tracing detailed beading copies and stitching toiles.

Jessica has always taken direction well as well as showing commitment, patience and eagerness to learn. She also shows real maturity and prides herself in exceptional time management and can multitask to meet strict deadlines, which is of course key in this industry.

I can highly recommend Jessica, because of her tenacity, irrepressibility and great attitude. We are sure she will excel further in her career.

Yours faithfully,

  
**Emmanuelle Avez**  
**Technical Recruiter**
